!Dear Mr Davis

It has recently come to my attention that the variation of the conditions relating to the above concerning One Stop, and I would like to object in the strongest possible terms. The reasons are the same as I and a vast number of other local residents have already put forward ~ noise from 6am until 10pm, pollution from Diesel engines (often left running), and illegal parking on double yellow lines outside the store when delivery vehicles cannot reverse into the adjacent car park.

We already have an excellent convenience store 20 yards away which has served us well for the last 50 years! This latest application by One Stop is nothing more than a flimsy variation of the earlier one which was rejected, and an attempt to slide under the radar in the hope that this small in the local paper will not be seen by many local residents who would wish to object, as they did last time.

I regularly travel along Aldwick Street and if I find my journey is impeded by legally parked delivery vehicles I shall immediately phone the police on 101, and I will supply photographic evidence showing the date, time and number pl
