

Biodiversity Enhancement Statement

27 Aldwick Avenue Aldwick PO21 3AQ

This Biodiversity statement is to support the Householder Planning Application at 27 Aldwick Avenue. The scheme seeks to further enhance the biodiversity of the site and the surrounding area where possible by implementing the following provisions:

Biodiversity enhancement actions:

- Water butts to be attached to new rainwater downpipes. All surface water drainage is via SUDS and soakaways located within the property
- Bird box to be installed to both North and South Elevations
- Bee Brick to be installed to both North and South Elevations
- Create a compost heap to compost waste and improve soils
