Dear Ms. Chapman, I live at 47 Kingsway, Craigweil Estate, 2 properties down from where the above proposed planning application has been submitted. I am strongly against the proposed alterations and additions to this house as I feel they will completely alter the frontage appearance of the property in this Conservation Area. Also the front garden of this property is fairly small and I cannot understand how it could accommodate the extra cars that would inevitably follow, given the vastly bigger accommodation proposed. Our estate has a "No long term Parking" restriction on the roads as there are no pavements for pedestrians to walk on and parked cars force people (Mothers with prams, Dog walkers, Cyclists, Elderly etc.) to have to pass the cars in the middle of the road, which is very dangerous. For these reasons I am against this Planning application being granted. Yours Sincerely Mr. J. Pryer.
