

AW/201/17/T

ARUN DISTRICT COUNCIL

-3 OCT 2017

RECEIVED

Willow tree

2 Lichfield Garden

Aldwick.

Neil Crowther

I took this off the planning
Application - on post.

Living in Westminster Drive
and having to walk past

these overhanging branches
why oh why do I have to
walk in the road to avoid

being hit ^{over} ~~round~~ the head by
those hanging branches! why
oh why do they have a
Preservation order? when

further down the road on
the corner of ² Truro Cresc./

Westminster drive hasn't. He

can trim when ever. Even
the high way people have no
say - because you have the
power! So you are quite
happy to have pedestrians
walk in the road, to avoid
being hit! They have been
trimmed now - but that takes
ages! to be done. Next time
I will walk along & trim those
over hanging branches - because
I am fed up with it all.
You could take the preservation
off. (Its funny when the houses
were built opposite a few
years ago - quite a few trees
were taken down that had
preservations. - But you are
more concerned about willow
trees, which are a danger to the
public.
