

Recommendation Report for Works to Tree(s) on trees subject to a Tree Preservation Order (TPO)

REF NO: AW/202/19/T

LOCATION: Little Whispers
17 Craigweil Manor
Aldwick
PO21 4DJ

PROPOSAL: Crown reduction by 2.5m to 1 No. Holm Oak tree.

SITE AND SURROUNDINGS

DESCRIPTION OF APPLICATION	As above
TREES	The tree outlined in this application is located on the eastern boundary to the property.
SITE CHARACTERISTICS	Dwelling.
CHARACTER OF LOCALITY	Residential.

RELEVANT SITE HISTORY

AW/203/19/TC	Crown reduction by 2m to 1 No. Norway Maple tree and Crown reduction by 1m to 1 No. Whitebeam tree within the Craigweil House, Aldwick conservation area.	
AW/151/18/TC	Removal of 2No. Leylandii tree within the Craigweil House, Aldwick Conservation Area	No Objection 17-07-18
AW/300/16/T	Ilex Oak - Reduce by 1 metre all over Maple - Reduce and reshape all over by 1.5 metres	ApproveConditionally 16-11-16
AW/65/10/T	Crown reduction by 25% to one Oak tree.	ApproveConditionally 13-05-10
AW/270/04/T	Lop one Evergreen Oak. (Re-Submission of AW/35/00/T)	Refused 17-12-04

Relevant history noted.

REPRESENTATIONS

REPRESENTATIONS RECEIVED:

Aldwick Parish Council

Members agreed that the Arun Arboriculturist be consulted regarding the application and that his decision/recommendations be applied.

No representation from nearby occupiers.

COMMENTS ON REPRESENTATIONS RECEIVED:

Noted.

CONSULTATIONS

Arboriculturist

Conservation Officer

CONSULTATION RESPONSES RECEIVED:

Tree Officers Comments:

Holm oak / Quercus ilex Approx. height: 8m Average spread: 3.5m Age class: Early mature

The tree has achieved good symmetry and presents an attractive crown profile, having responded with vigour to past heavy reduction work.

·It is an established tree of apparent good health, visible from surrounding properties but not to users of the main estate access road.

·Repeat operations such as now being asked for by the applicant will be necessary throughout the remaining life-span of this tree, to achieve a reasonable degree of structural integrity appropriate for its location.

Conclusions:

·There will be no significant loss of public amenity on completion of the proposed works. While a temporary loss of aesthetic value is inevitable, satisfactory canopy renewal and recovery should occur if the work is undertaken to a high standard and at an appropriate time of year.

·The proposal to reduce its overall height and spread with a view to restricting its growth is justified and consistent with previous works approved by the Local Planning Authority.

Recommendations:

·I recommend CONSENT for this application, subject to the following conditions.

COMMENTS ON CONSULTATION RESPONSES:

Comments noted

POLICY CONTEXT

Pagham Harbour Zone B

Within the Built Up Area Boundary

Within the Conservation Area

Tree Preservation Orders

DEVELOPMENT PLAN POLICIES

PLANNING POLICY GUIDANCE:

NPPF	National Planning Policy Framework
NPPG	National Planning Practice Guidance

POLICY COMMENTARY

The above policies are general and, other than online Planning Policy Guidance under references ID 36-090-20140306 and ID 36-091-20140306, are not specific to trees.

DEVELOPMENT PLAN AND/OR LEGISLATIVE BACKGROUND

Section 198 of the Town and Country Planning Act 1990 states:

"If it appears to a Local Planning authority that it is expedient in the interest of amenity to make provision for the preservation of trees.... they may for that purpose make an order"

The works to the trees are to be judged having regard to amenity

OTHER MATERIAL CONSIDERATIONS

It is considered that there are no other material considerations to warrant a decision otherwise than in accordance with the Development Plan and/or legislative background.

CONCLUSIONS

Following the comments from the tree officer, it is recommended consent be granted subject to the following conditions and informatives.

HUMAN RIGHTS ACT

The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

Duty under the Equalities Act 2010

In assessing this proposal the following impacts have been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).

The proposal would have a neutral impact on the protected characteristics.

RECOMMENDATION

APPROVE CONDITIONALLY

- 1
 - Where whole branches are to be removed and final cuts made close to the trunk or branch union they are to be made as shown in Figure 2 of BS3998:2010
 - Where branches are to be shortened back the final cuts are to be made at the correct angle shown in BS3998:2010 and adjacent to a live bud or lateral.
 - The removal of crown material which has developed since the last operation must be done sympathetically and with respect to established 'knuckles' so as not to extend beyond the point of origin.
 - The long-term vitality of this tree is best respected when significant pruning work such as proposed, is undertaken during the mid to late-winter (January-February) period. The work must only be undertaken during this period.

Reasons: In the interests of the trees continued health and vitality and to accord with current industry guidelines and sound arboricultural practice.
- 2

INFORMATIVE: The applicant should note that under Part 1 of the Wildlife and Countryside Act 1981, with only a few exceptions, it is an offence for any person to intentionally take, damage or destroy the nest of any wild birds while the nest is in use or being built. Birds nest between March and September and therefore removal of dense bushes, ivy or trees or parts of trees etc. during this period could lead to an offence under the act.
- 3

INFORMATIVE: This notice does not give authority to destroy or damage a bat roost or disturb a bat. Bat species are protected under Section 39 of the 1994 Conservation (Natural Habitats etc) Regulations (as amended), the 1981 Wildlife and Countryside Act (as amended) and the 2000 Countryside and Rights of Way Act. It is illegal to damage or destroy any bat roost, whether occupied or not, or disturb or harm a bat. If you are aware that bats roost in a tree(s) for which work is planned, you should take further advice from Natural England (via the Bat Conservation Trust on 0845 1300228) or an ecological consultant before you start. If bats are discovered during the work, you must stop immediately and contact Natural England before continuing.
