Subject: Dead tree in a Conservation Area – Application for permission to Fell

Further to a telephone conversation with a member of your department today. I am emailing a copy of the letter I sent to you more than three weeks ago regarding the above. It appears that the letter has not been received by your department, so I am sending it again attached to this email. I am also attaching two photos of the tree. I trust that you will now process this quickly.
Many thanks,
Yvonne Green (Mrs)
