Zac

I visited the above location today, to determine the application ref: AW/207/18/T

The tree is a semi-mature blue Atlas cedar which does not pre-date 1958 and so Bognor No2 (Area Order) would not apply here.

Our online mapping resource suggests there are three other Orders which may apply at this location. They are as follows:

TPO/AW/165/10, TPO/AW/77/10, TPO/AW/144/10.

I see no listing of the above tree type nor indication of protected tree at its location on any associated schedule or map, therefore conclude that our consent for the proposed work is not required.

Please could you confirm if that is the case and if so, determine whether the applicant can now be advised to proceed without further recourse to this Authority.

Regards,

Mark
