15th July 2019

Dear Mr David Cheney

Development:

The south boundary of my mum's garden includes 13 Beech trees which are equispaced along the length of the garden. The trees are positioned approx 1m away from the fence line and are approx 0.5m in diameter. Its been several years since the trees were trimmed and they are now very over grown. The affect of this this is to reduce sunlight into the garden and house and in general to limit light to the bushes and plants in the garden. Current tree height approximately 12m.

Description of proposed works: reduce tree height from 12m down to 7m and reduce main branches by 1.5m. This will bring the trees to approx the same size as the Beech hedge next door.

My mum Kathleen Cheney owns the house and garden at 6 Litle babbsham and lives there. Mum has significant memory loss and is 86 which is why I am making the application on her behalf. My brother Ian Cheney lives locally and can be contacted on 07714 328156.

Location:

6 Litle Babbsham Aldwick
