Subject: FAO Mr R Temple - Countisbury Lodge, 7 Countisbury Close, Aldwick, West Sussex - AW/20/17/DOC

Dear Mr Temple,

Re - Countisbury Lodge, 7 Countisbury Close, Aldwick, West Sussex - AW/20/17/DOC

Thank you for your recent correspondence in relation to the above DOC application. Regarding condition 10 (refused), our developer client wishes to convey the following -

From commencement, the site was set up with temporary fencing in place along what the appointed arboriculture specialist deemed the root-protection-areas (RPAs) for adjacent trees & foliage. During construction this has been maintained and no site traffic, plant equipment or material-storage has encroached into designated RPA zones.

At this point the construction or 'risk to trees' stage of the project is now finished and only internal phase works and minor garden landscaping is required to complete the dwelling. With this in mind, please advise if any further information at this stage is considered prudent?

Our client is of course happy to provide Arun with any additional information that is required but also wishes to reiterate that this matter has not been overlooked or ignored, but implemented as per the arboriculture report, and maintained throughout the works.

Thank you for your continued assistance.

We look forward to hearing from you shortly.

Kind regards,

Andrew Hinton BA (Hons) Architectural Consultant
