Thank your for your letter dated the 11th June 2021.

I was very surprised to receive your request for more measurements for the willows, I have been dealing with these applications for many years and never had this request before. You should take into account peoples ages and health before requesting what I would deem not essential information.

Nevertheless I have done as requested with the help of my neighbour. The proposed height for both trees is 4 metres and spread measurements 5.5 metres.

Yours sincerely

Mrs Janet Davies
