RECEIVED

Planning Committee
Aldwick Parish Council
88 Pryors Lane
Aldwick
Bognor Regis

Dear Sirs, Mdm., Ms.,

Applications Ref/AW/215/13/T and AW/224/13/T 16 Margaret Close, Bognor Regis

My wife and I are immediate neighbours of the applicant of the above requests and one of those most affected by the grossness of the spread of the trees in the adjoining garden.

I am not acquainted with the Latin names of the trees referred to in the correspondence of the application. I would not know a *Pinus Radiata* from a *Quercus Ilex* if I was hit by one. But, if one of those names referred to the enormous giant of a tree that has grown from a 9 foot sprout it was when we moved into our house 20 odd years ago, to the massive thing it is now, then I am in full support of the application, which in my opinion is quite modest.

This tree, shown in the photographs I enclose, has destroyed all of the grass underneath, any garden plants that we used to grow, except the most hardy shrubs, and shuts out all of the light below on our garden. Also, I am cursed with oceans of pine needles which flow down all the time and which I have to rake up constantly, which could well do without at 88 years of age.

Not only that, the spread of the trunk of the tree is now beginning to break through the fencing between our properties, while the roots invade across the earth in our garden below.

I am not the only one affect by the size of this tree. Other adjoining neighbours have also expressed their wish to have it well reduced, if not completely removed, which I would be in full support of.

Yours truly,

E.A.C. Warman
