Dear Sirs

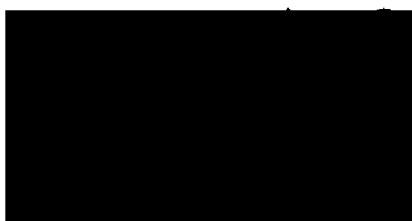

28th August 2014

Ref: AW/215/14/A

I object to the proposed signage for the Morrison's development of the Ship Inn, Aldwick Street, Aldwick on the following grounds:

1. The proposed Morrison's signage is totally out of place in the small, quiet village of Aldwick.
2. It is totally unnecessary. It is ugly and would be intrusive to all village residents at night.
3. I further object to the redevelopment as a 'convenience' store on the following grounds: Aldwick Street is a very busy narrow road and at times can be dangerous and a hazard to use. A Morrison's store will be a real traffic safety hazard and danger. Has anybody from the Council bothered to stand outside the Ship Inn and monitor vehicle and pedestrian traffic, or even attempt to cross the road?
4. As a resident I object strongly to the loss of an historic village pub which is already designated by the council as of 'special character' and which when better managed enjoyed good local custom.
5. Morrison's delivery lorries' and customers cars will present an increased traffic and pedestrian danger, as they use and unload in an already narrow road.
6. It is unreasonable to expect local residents to have to tolerate the noise from external refrigeration units
7. Extended opening hours are unnecessary and can only attract outsiders to the area who will be non- village people only intent on purchasing alcohol outside of normal shop hours and will who bring with them the risk of hooliganism and noise.

Yours truly

Brian Clarke
