Subject: Ship Inn AW/211/14/P and AW/215/14/A

Dear Sirs,

I only moved into Aldwick a few months ago and am now appalled by the intention to change the Ship Inn into a Morrisons. I cannot believe that no Planning Permission is required to turn a pub into a shop, but apparently this is true. This should be changed immediately.

It is a wholly unsuitable site for a small supermarket. What about Tudor News, directly opposite which has been run for more than 20 years. This livelihood will be completely ruined, as will all the surrounding properties which will have to suffer increased traffic congestion, delays, noise, pollution, etc. The large delivery lorries will cause delays to all traffic using this main route into Bogor Regis. It would also increase the likelihood of more accidents on that single lane road.

I object most strongly to this proposal and would like to add my name to the body of people who are against this.

My address is: 9 St. Richards Drive, Aldwick, PO21 3BH.

Brenda Page (Mrs.)
