Subject: Development Control Committee Re Planning Application AW/215/14/A -The Ship Inn, Aldwick

Dear Sirs,

I wish to record my objection to the above plan for Morrisons to erect illuminated signage around the present Ship Inn on the following grounds:

The ugly nature of the signage will wreck the appearance of the present building, will be totally out of place in Aldwick village and will cause unnecessary light pollution.

Thank you for your consideration.

Yours Faithfully,

Graham Harmes
