Subject: Objections

To the Development Control Committee.

Dear Sirs

I wish to register objections to the plans submitted by Morrisons' for the conversion of the Ship Inn, Aldwick to a mini-supermarket/convenience store.

Under ref no. AW/211/14/PL I object to the extension of the premises/ alteration of the Car Park on the following grounds ...

- a) the traffic safety hazard created on a relatively narrow road, with no pavement on the Ship Inn side, by the increased use of the Car Park by customers and delivery traffic:
- b) the noise nuisance caused by the external freezer unit proposed:
- c) the nuisance created by the sale of alcohol over a prolonged period of each day, especially in the context of an open space (the Pound) close by, in a normally quiet residential area:
- d) the loss of something that has been a useful local amenity (a Public House), and its replacement by something not needed in the immediate area, and that will be a threat to the viability of existing business.

Under AW/215/14/A we object to the intrusive signage proposed by Morrisons'.

Yours faithfully

Jean Makepeace 4 The Lawn Aldwick.
