I wish to put on record my objections to the two planning applications put forward by Morrisons for the Ship Inn in Aldwick. Re:

AW/211/14/PL

Ever since I have known Bognor the Ship Inn was a familiar pub (and a previously thriving one!) The loss of this pub would be a tragedy and a supermarket in it's place would cause extra traffic, extra noise and the added risk of hooligans buying + drinking carry-out alcohol. The road is busy enough now, I live the Rose Green end of Bognor so pass along that road every day - it will just become an even worse bottle-neck. A supermarket will be totally out of character in the area - plenty of shops up the road in Rose Green.

AW/215/14/A An illuminated advertising sign would be such an eyesore in

This area, intrusive visually in the daytime and very 'in your face' at night - The pub saw no need for illumination when it was a business! The whole idea of such a business in this residential area is a ludicrous!

Sincerely
