Dear Sirs, I wish to register my objections to the above planning application. Aldwick, in the vicinity of the Ship Inn, still retains a village atmosphere and appearance. A valued asset rapidly disappearing in most parts of this district due to the depredations unsympathetic business developers and large retailers in particular. We do not wish large, intrusive and ugly signage to be constructed at the Ship Inn site. Extra due care and attention is a necessity when navigating this stretch of roadway. Added distractions will not alleviate this problem.
