Subject: The Ship Aldwick

I wish to object to the following planning applications

AW/211/14/PL

the loss of a historic public house which was a valued local amenity traffic hazard caused by congestion on Aldwick street and cars and lorries entering and exiting during the proposed long opening hours I also strongly object to the proposal to sell alcohol from 6 am to midnight and the likelihood of increased hooliganism in the area. This is longer than any other store in Aldwick

AW/215/14/A

the ugly nature of the proposed signs which would be totally out of place in Aldwick village. An illuminated sign would also be intrusive at night.
