I am writing to object to the the turning of the above mentioned building into a Morrison's convenience store.

There is already ample

convenience stores in the area including Tudor News, 2 Co-ops and a Tesco Local all within easy distance. This store would increase traffic in the area from Cars visiting the store and HGV's delivering stock.

The extended hours would encourage anti social behavior from certain persons visting the store to purchase alcohol late in the evening. The common practice of the current person is to order shopping on line so WHY BUILD WHEN PEOPLE CAN SHOP AND HAVE GOODS DELIVERED FROM STORES ALREADY IN THE AREA I feel Morrisons are just being greedy, they are struggling in this present climate.
