

63 CRAIGWELL LANE
ALDWICK

PO21

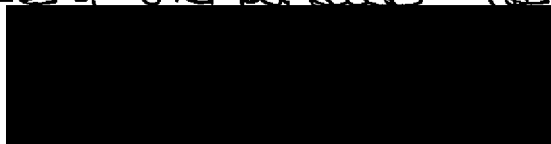

AW/215/14/A

I would like to object to the
above planning application

To erect illuminated signs
outside a historic landmark
is outrageous,

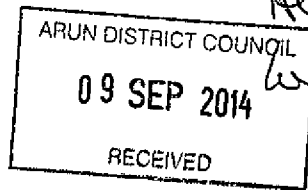

The signs would be an eye
sore and not in keeping with
Aldwick village.

Illumination at night would
be very intrusive for residents.

MRS. P. L. MACEY

Dear Sirs,

re: Planning Application
AW/215/14/A

Any kind of Supermarket
signage & illumination, as
proposed by Morrisons, would
be completely out of place &
intrusive in Aldwick Village.

Yours faithfully,

Mrs. E. A. WEBB

Dear Sir,

Re: AW/215/14/A

It would be very wrong to have
a Morrisons where the Ship Inn is
located, completely out of character
with illuminated Morrisons signs, also
there are enough supermarkets in
the area.

Yours faithfully

Ref Planning Application AW/215/14/A

Dear Sir or Madame,

With respect to the above planning Application for Morrisons signage at the Ship Inn Aldwick, I would like to raise the following objections against this consent.

1. The ship Inn is in an area designated by the local council as of special Character and the erection of six illuminated signs on the building would destroy this semi rural setting.
2. I also object to the protruding bus style signage as is will be visible for a much larger distance down the road in either direction. This will ruin this tranquil lane environment over a much larger distance from the store.
3. Illuminated signage on such a large scale and quantity is totally out of keeping with this location and will permanently spoil Aldwick Street.
4. These proposed signs will be very intrusive to those living near by and will be out of keeping with the general character of the residential area. The light cast will disturb peoples sleep as it does not cast its light down onto the road like street lighting.

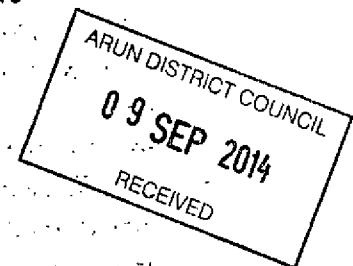

Please consider my points when making your decision on this planning application.

Yours Faithfully

Ref Planning Application AW/215/14/A

Dear Sir or Madame,

With respect to the above planning Application for Morrisons signage at the Ship Inn Aldwick, I would like to raise the following objections against this consent.

1. The ship Inn is in an area designated by the local council as of special Character and the erection of six illuminated signs on the building would detract from this semi rural setting.
2. I especially object to the protruding bus style signage for the Morrisons store as is will be visible for a much larger distance down the road, blighting this shady lane environment over a much larger distance from the store.
3. Illuminated signage on such a large scale is totally out of keeping with this location and will permanently spoil our local heritage.
4. Such signage will prove very intrusive to locals living within up to 100meters each side of the store on both sides of the road and will be out of keeping with the general character of the residential area. The light cast will keep residents awake upstairs while the local street lighting is designed to cast its light down only onto the road.

Please take my four points into account when making your decision on this planning application.

Yours Faithfully

Dear Sir,

I wish to object against Morrison's plans.

The ugly nature of the Morrisons signage, how out of place it would be in Aldwick village, and that the illumination would be intrusive at night.

Yours faithfully,

Dear Sirs

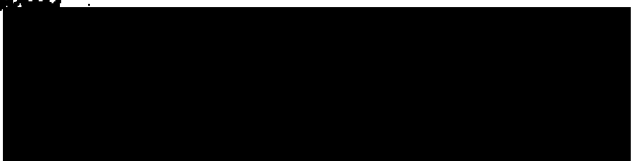

re: The Ship Inn at Aldwick

ref: AW/215/14/A

I wish to object strongly to the plans for converting the Ship Inn to a branch of Morrisons.

In my view such a development would be totally out of place in Aldwick Village. The proposed signage would be very intrusive, over the top, and completely spoil the special character of the area.

Yours faithfully

Ann. P. Small

Dear Sirs

Planning Application AW/215/14/A

I am writing to put my objections to you regarding the above planning application for the following reason:

- Signage would be ugly and quite out of keeping with the Aldwick environment. We, together with the Parish Council, take a pride in Aldwick and have worked for many years to keep the village as a safe and attractive place to live. The signage of this convenient store would seriously damage the appearance of our environment.

I therefore have very strong objections to this planning application.

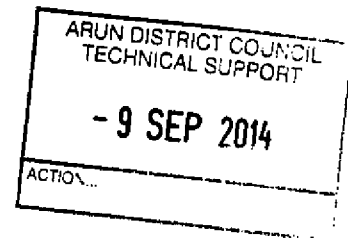

Yours sincerely,

Aldwick Preservation Society

Dear Sirs

Planning Application AW/215/14/A

I object to the proposal for the following reasons:

The six illuminated Morrisons signs outside the building and one of their large 'bus stop' signs will not be in keeping with the aspect of Aldwick village as it currently is. The resulting light pollution at night will intrusive to the village ambience.

The signs will attract hooligan elements to make late night purchases of carry-out alcohol and possible littering of the Pound at Aldwick Green as is experienced around Aldwick duckpond.
