Dear Sir (Madam)

I am again writing to say how sad it is for our Ship Public House to be removed for yet another Morrisons.

REF-AW/215/14/A

Dear Sir/Madam

I am writing to express my objection to the above planning application by Morrisons re the Ship Inn Aldwick for the following reasons.

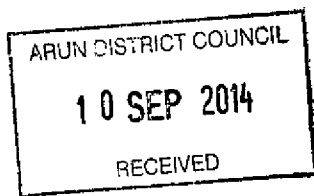

The garish nature of Morrison's signage will be totally out of place in the main street of Aldwick village.

The illumination at night is likely to be very intrusive to the many neighbouring residential properties.

Yours faithfully

Dear Sirs

Planning Application AW/215/14/A - The Ship Inn, Aldwick, Bognor Regis

Referring to the above planning application to erect six illuminated Morrisons signs on this building, including one of their big 'bus stop' signs, there is no doubt these will be intrusive, inappropriate and totally unacceptable. There is nothing like this in a very attractive part of Aldwick, and would be completely out of keeping with the village's character and certainly be very disturbing for residents close by.

Yours faithfully

Dear Sirs

9th September 2014

Ref AW/215/14/A

I am writing to object to the proposed conversion of "The Ship" public house at Aldwick into a Morrison's Store.

I regret the potential loss of a local amenity but my particular objection relates to the increase in danger on the road which would inevitably result from more intensive long term and short term parking on a section which has given cause for concern for some considerable time and for which traffic calming measures have been suggested as a partial but, by no means, total remedial palliative. The conversion to a store would, in any view, make these even more difficult to provide

Re Planning Application AW/215/14/A

Dear Sirs

I wish to lodge my objections to the proposals contained in the above planning application for the following reasons.

Morrisons signage will be totally out of keeping and unsympathetic with the nature of the area destroying much of the ambience which remains this pleasant part of Aldwick Street. Presumably the intention is to keep it illuminated throughout most, if not all of the day and night, causing a unneeded drain on energy resources and be intrusive to local residents. The Ship dates back 200 years or so and I am sure the Committee would not wish to be responsible for the despoliation of this historic part of Bognor Regis. Please reject this application which coupled with application AW/211/14/PL will go some way to ruining the environment and quality of life in yet a further part of Bognor Regis.
