Development Control Committee

Dear Sirs,

My objection is to the planning application by Morrisons to apply signage outside a proposed conversion of 'The Ship' to a convenience store.

Having seen the present signage outside the Morrisons store on the Chichester Road nearby Bognor Hospital.

That is a permanent blot on the landscape, and totally blights the immediate vicinity of that area.

I shudder to imagine how unsightly something similar would be in Aldwick Street, and totally out of character with the historic village.

This must not be allowed to happen.

I strongly object to a 21st century approach to advertising, by destroying the 20th century fabric of the area.

Regards Mark Witts
