Sir

I object to planning application Aw/215/14/A.  
Regarding Morrisons opening a store on the site of the ship  
public house .  
The ugly nature of Morrisons signage which would be so out of  
character and so very intrusive for Aldwick village.  
I feel very strongly about this that Morrisons who want to try  
and change Aldwick village .  
I moved here for peace and quiet and hope it will continue that  
way.

Sincerely

Jean Edwards.

1<sup>st</sup>. September 2014

Dear Sir,

**Re:- Application AW/215/14/A**

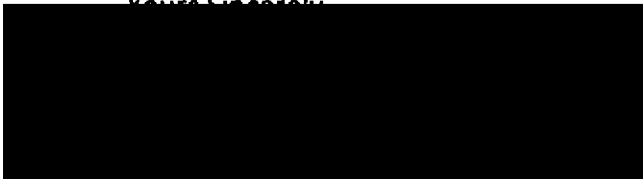

I wish to strongly object to this application primarily on the grounds that it proposes a plan which is totally out of keeping with the surrounding area.

The plans proposed, indicate the real possibility of a significant increase in the level of artificial lighting compared with the previous level of lighting generated from the Public House site.

The proposed signage outlined in the application, is more suited to a major high street or retail park and is totally unsuitable for the actual location under consideration.

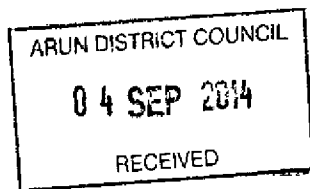

If the store opening times are to be 06:00 till 24:00, 7 days per week, then the Light nuisance will have a significant impact on local neighbours.

Yours Sincerely,

2.9.14

Planning Application AW/215//14/A

I wish to object to the above planning application by Morrisons in regard to the Ship Inn:

Aldwick Street has already been designated of special character, and loss of this historic pub will change the area

No other pub within half a mile, a local amenity is lost

Fish Lane - Aldwick Street is a narrow road where accidents occur, a real traffic hazard with additional traffic including delivery lorries.

The proposed freezing unit will be noisy, a nuisance to local residence

There is no local need for this store, hooligans will be coming in from outside the area to purchase alcohol and there is a real danger of crime

Dear Sirs

I would like to object to the development of the Ship Inn by Morrisons for the following reasons.

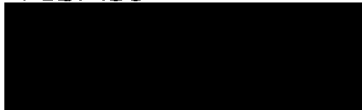

: The ugly nature of the Morrison signage that would be totally out of place in Aldwick village, and the illumination would be intrusive at night.

Yours sincerely

Dear Sir/Madam

**PLANNING APPLICATION AW/215/14/A: THE SHIP INN, ALDWICK STREET**

I write to register my opposition to the above application. I have already written to you opposing the plans to alter and extend the property (application AW/211/14/PL).

There is no demonstrable need for six illuminated signs and their provision would add insult to injury. They will further detract from the character of this historic structure, as well as being an irritant to local residents at night time. .

Yours faithfully

Paul Baxter

For the attention of Mr S Davis

Dear Sirs

RE: PLANNING APPLICATIONAW/215/14/A THE SHIP, ALDWICK STREET,  
ALDWICK.

I strongly object to this application.... Particularly with all the money that has been  
spent on eco-street lighting locally.

Expansive modern and neon signage would utterly spoil this historic location and  
neighbourhood, apart from causing unnecessary light pollution.

I wholeheartedly expect Arun District Council to refuse these proposals.

Yours faithfully

JANE BUTLER (Mrs)

AW/215/14/A

Sirs, I am against the proposal from Morrisons to have six illuminated signs outside the former Ship Inn in Aldwick. I think it is an unnecessary amount, quite disproportionate for the number needed, which will be an eyesore on a building which is an historically old part of the Aldwick village. I particularly object to a large bus stop sign. Yours faithfully, Mrs J Fricker
