Dear Sir/Madam

Town & Country Planning (Control of Advertisement) (England) Regulations 2007 (as amended)

3No. internally illuminated fascia signs to front and west side elevations, 1No. externally illuminated fascia sign to east side elevation and 2No. externally illuminated projecting signs to front and east side elevations.

Ship Inn Aldwick Street Bognor Regis

Thank you for your internet representation made on 1st September 2014 which has been recorded as '**an objection**' with the comments as follows:

1. The proposed signage is excessive and will be entirely out of keeping in this village location; the illumination will be intrusive, completely out of keeping with the local residential area and may constitute a distraction to motorists.

Your views will be considered before the application is determined and I shall write to inform you of any decision made.

Please be aware that if the application is to be determined by the Council's Development Control committee and your letter has been received at a late stage after the Agenda has been published you will not receive a separate letter notifying you of the date of the meeting and procedures for public speaking. In such circumstances it is recommended that you track the progress of the application on the Council's website or telephone the Council for further information. Please be advised that any comments you make that are not included within the Committee Agenda will be reported to the Members of the Development Control committee. Please also be aware that only a small number of all planning applications received go the Development Control Committee. Most are determined under delegated powers by Officers in which case your comments will again be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish details of your comments on the internet on the Arun District Council Planning section. Please ensure that you only provide information that you are happy will be made available in this way. If you supply information belonging to a third party, please ensure you have their permission to do so. If you do not wish your comments to appear on the 'open file' please confirm this in writing and I will arrange for it to be destroyed although this means that its contents will then be disregarded.

In the event of a subsequent written representations appeal, against a refusal of planning permission on a householder application, any representations made on the application will be automatically forwarded to the Secretary of State. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.

Yours faithfully

Thank you for your internet representation made on 1st September 2014 which has been recorded as 'an objection' with the comments as follows:

I object to the use of and signage on this site, and with particular reference to the illuminated signage proposed by Morrisons on the grounds that in my opinion it would be ugly and out of place in Aldwick village and that the illumination would be intrusive - and particularly at night for residents in the immediate vicinity. This development would be entirely out of keeping with Aldwick, causing traffic problems - it is tricky enough now passing through that area without the inevitable increased traffic from the development especially with large deliveries. The proposed lighting will be a distraction for passing drivers on an already dangerous road.

The intensity of the 6 lights combined will be out of place in what is otherwise a residential area (the shops opposite will not be illuminated late into the evening and night if they survive).

The addition of these lights will disfigure an historic building.

The signage proposed by Morrisons is out of keeping with this area. The size and location of any signs should be no greater than those currently in position for the Ship Public house. It is totally unacceptable to have bright illuminated signs in use late at night, as Morrisons propose and have applied to open later than any other convenience store in the area (ie. midnight. There should be no protruding Bus stop signs other than to replace those already in use for the Ship Inn.

It should be a condition that any sign should cease to be illuminated after 8-00pm and not before 10am.
