Dear Ms Rawlins

Further to our telephone conversation today, this is to confirm that the recommendations are acceptable to us. We look forward to receiving the Council's formal approval in due course.

Many thanks Paul and Bridget Baxter

Dear Mr Baxter,

I refer to the above application for various tree works.

I have received comments from the Council's Arborist (below). I would be grateful if you could confirm your agreement to the recommendations, in order that the application may be granted:

There are 3No. Evergreen Oaks along Barrack Lane in a line from the northeast to the southwest. The application refers to these as 2No Holm Oaks to the west of the drive entrance and a large Holm Oak standing on the roadside and north of the above cypress. Considering the slightly defective main stem and branching structure, the reduction works to the Holm Oaks (of 25%) are acceptable and would specify a maximum amount of 2 metres to be removed from the top growth and 1 metre from the side growth. No reason has been provided for the 4 metre crown lift and would therefore allow a crown raise of 2.5 metres. The reduction of the 3 Leyland Cypress and 1 Eucalyptus for the reasons provided in the surgeons report is acceptable.

Regards,
