Hi

Further to my letters I now have the information you requested .

Height before 7.5/metres spread 9 metres

Height after 5 metres

Spread 6 metres

I hope this is adequate for you.

Please contact Ian Stevenson if you require additional information

Thank you for your reply still not helpful.

My tree surgeon is Ian Stevenson I have tried contacting to no avail for help. He has looked after the trees for a number of years. He can answer your questions.

Good afternoon,

Thank you for your application to undertake tree works; I am glad our letter reached you.

I am sorry you found the letter threatening; I can assure you this was not the intention. We send this letter to all applicants who require additional details to be submitted.

The council require applications to be described by the size of the tree after the proposed works, not the amount to be removed. This is to ensure that no works are undertaken outside of the given permission. I have attached the councils tree validation requirements which detail this.

Perhaps you could speak to the tree surgeon you plan to contract for these works?

I note that you have given the proposed reduction in metres. Could you estimate the height based off this amount?

Please get in touch should you have any questions or feel there is anything more I can do for you.

Best,

Jonny Cooper

Thank you for your response to my application. I have no idea what the height and spread will be after they have been pollarded.. [REDACTED]
[REDACTED] I would appreciate your help in this matter instead of a rather standard threatening letter.

I am trying to be helpful and would be grateful for assistance. I am a 81 year old and only understand feet and inches.
