Importance: High

Dear Mr. Vick,

Given notice that Amber Willard is on leave, maybe you can have someone to look at this, please?

Oh, question 9 is duplicated on the form!

Regards,

Ricard Ostler.

Dear Sir,

This application is false and flawed in material detail.

1. The applicant, Burrows does not reside at 32 The Drive but in Chichester. Should be claim that there is a Registered Office for T M Burrows & Partners then I say that no such company exists unless it is another invented within the last year to give the impression of the Burrows infill builder fraternity being of vast wealth and importance. They are neither but that may not be a material consideration for you and I see no reason for Burrows inventing companies/trading firms except to boost his self importance. He can do this in his own name.
2. The 'location' is claimed to be 32 The Drive. This is false for the trees are mine and in my garden at 52 The Drive – east of the footpath, as shown on the plan produced.
3. I saw this advertisement on the website today. I have not been told or asked about the work to my trees by anyone – ADC or the applicant.

4. In those circumstances, I shall be obliged if you will be sure, perhaps by a Condition, if consent is granted for this work, if you will explain – as Mr. Roberts, through his Tree Officer of the day, and I have done in years gone

by - that to carry out work to any of my trees, as requested, without my consent will constitute criminal damage and theft when they remove it from site.

5. Can the location of the 'Norway Maple' please be emphasised for avoidance of doubt.

6. In the event of consent I ask that this be conditioned for me to be give at least 7 days Notice of commencement of works, and the Tree Officer also. Burrows has previously vandalised my trees in my absence.

7. I ask that the Tree Officer please be asked to examine the trees.

Yours faithfully

Richard Ostler, 52 The Drive, Aldwick, PO21 4DT.
