Dear Treestyler Bentley,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Tree Preservation) (England) Regulations 2012

Application for Works to Trees(s) subject to a Tree Preservation Order(TPO)

Development: T1 - Tilia cordata - This Lime is approximately 20m tall and has an even radial spread of 5m, it is blocking light to the garden and house, its previous pollard has caused included bark on the new stems which could fail in high winds, i propose a re-pollard resulting in finished measurements of approx. 15m height and even spread of 1m all round.

T2 - Quercus robur - This is unbalanced due to shading from the Tilia above, its height is 8m and its radial spread 7m to the north and east, 4m to the south and west. I propose pruning the north and east spread to remove 3 meters using target pruning the finished measurements will be 8m height, radial spread 4m all round.

Location: 10 Margaret Close Aldwick PO21 3AA
