

Further to you latest emails stating you requirements to be able to authorise this work

- I have contracted D&R Tree Surgeons and now have the rest of the information you require, which is:
- Estimated height after crowning 17 metres
- Estimated width 8 metres
- They said to tell you that it will be cut to the same place as last time.
- I have spoken with my neighbour, Mrs M Hendry, who has pointed out that there actually is not a third tree in existence, but that the split trunk of the tree in my garden has divided into a Y shape in her garden
- As I do not have the facilities or technical knowledge to create the PDF file you have requested, these documents have been converted to a PDF file by my neighbour:
Mrs M Hendry, 29, Westminster Drive, Bognor Regis PO21 3RE, who has part of the tree in her garden.
Mrs Hendry (b) will be sending the PDF to you by email.

With these details I trust that you are now able to grant permission for the work to be carried out as we are all extremely concerned about the safety of our properties in the coming autumn and winter storms.

Mrs Angels Richards
