I have undertaken a desktop review of Tree Preservation Orders which may affect this plot. My understanding is that only Bognor No2 (Area Order) could apply.

I am confident from the documents/plans provided by the application and online resources, that both these trees would not have been established at the time that Order was made (1958). Furthermore, I do not believe either tree is of sufficient public amenity value to justify the making of an Order to control their future management. Therefore, I conclude our consent to carry out the proposed work is not required.

My recommendation is that the applicant be advised to withdraw their application and proceed without further recourse to this Authority.

Regards,

Mark
