10th August 2014

Dear Sirs,

**APPLICATION RESUBMISSION FOR PLANNING PERMISSION:
127, ALDWICK ROAD, BOGNOR REGIS**

PRIVATE DRIVEWAY FOR ACCESS TO B2166

I have a problem: access from my house to/from B1266 Aldwick Road is difficult if not hazardous.

Driving out on departure, ones view of oncoming traffic is blocked by parked vehicles. Reversing out has the same problem – only more so. Driving straight in on arrival means one has to reverse out so we try to reverse in. This is made difficult by the quantity of traffic proceeding in either direction and often at speeds in excess of the 30mph speed limit – and reluctant to give way.

We (my wife and I) have decided that two entry /exit driveways will ease (but not cure) the problem: one may drive out and drive in necessitating no reversing onto or off the road.

I therefore wish to apply for planning permission to have a second driveway. If this is approved I shall request that the appropriate kerbstones are lowered and that the grass verge and pedestrian footpath outside my property are modified to suit the purpose.

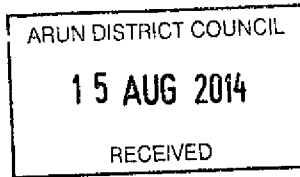

Some five other properties on this immediate stretch of the road have dual entries for the same reasons as I outline above. I shall be grateful if you will approve this application so that I may offer my family both convenience and safety.

R.K.Jordan

Enc: Cheque to value £172

Dear 'Charlie',

I am sending this reapplication to you - for your perusal and advice as needed - in response to your kind proposal that we meet to discuss the merits/demerits prior to submission.

On the basis that you are on holiday when I telephoned I considered that my best option was to forward this to await your return.

I shall be most grateful if you would kindly telephone me with your comments and to suggest an appointment with yourself should it be necessary.

I hope your holiday went as well - if not better than - all you had hoped for.

Best wishes.
