What Are You Applying For?

Are you seeking consent for works to tree(s) ☒ Yes ☐ No
subject to a TPO?

Are you wishing to carry out works to tree(s) ☒ Yes ☐ No
in a conservation area?

Identification Of Tree(s) And Description Of Works

Identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if
necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are
protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on
your sketch plan (see guidance notes).

Provide the following information below: tree species (and the number used on the sketch plan) and description of works. Where
trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for
replanting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

Example (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

THE TREE IS A COPPER BEACH SHOWN AS No. 1 on OUR SKETCH.
OUR ARBORIST SUGGESTS THAT IT NEEDS TO BE REDUCED BY
3 METRES.

IT IS CURRENTLY EXTENDING FAR TO FAR OVER OUR PROPERTY

Is the applicant the owner of the tree(s): ☐ Yes ☒ No
If 'No' please provide the address of the
owner (if known and if different from the trees location)

below.

Trees - Additional Information

Additional information may be attached to electronic communications or provided separately in paper format.

For all trees

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)

1. **Condition of the tree(s)** - e.g. it is diseased or you have fears that it might break or fall: ☐ Yes ☒ No
If YES, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

2. **Alleged damage to property** - e.g. subsidence or damage to drains or drives. ☐ Yes ☒ No
If YES, you are required to provide for:

Subsidence

A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturist to support the tree work proposals.

Other structural damage (e.g. drains, walls and hard surfaces)

Written technical evidence from an appropriate expert, including description of damage and possible solutions.

Documents and plans (for any tree)

Are you providing separate information (e.g. an additional schedule of work for Question 7)? ☐ Yes ☒ No

YES, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application. If they are being provided separately from this form, please detail how they are being submitted.

Authority Employee / Member

An important principle of decision-making is that the process is open and transparent. For the purposes of this question, "relating to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the local planning authority.

Any of the following statements apply to you and/or agent? ☐ Yes ☒ No

With respect to the authority, I am:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

If yes, please provide details of their name, role and how you are related to them.

2. Application For Tree Works - Checklist

Only one copy of the application form and additional information (Question 8) is required. Please use the guidance and this checklist to make sure that this form has been completed correctly and that all relevant information is submitted. Please note that failure to supply precise and detailed information may result in your application being rejected or delayed. You do not need to fill out this section if it may help you to submit a valid form.

For all trees

(see Question 7)
