Subject: Wsc

Hi Nicola

Firstly thanks for taking the time to call me , made life a lot easier for me..

further to our telephone conversation I can confirm that Wsc came out to my property again today to look at the visibility splays as requested by yourself, Dan the Highways Officer who approved works said we do not need any such plans as we are not changing any visibility or taking any fences down etc ..

hope this is the information you need ...

I am trying to get the C I I form printed & will post with the other plan..

many thanks

Donna
