Subject: Proposed development

I am writing to voice my objections to the proposed development on Aldwick Street of the property previously known as the Ship Inn.

This is a narrow street and for Tesco's to open a convenience store is going to cause congestion and disruption to the area. Morrisons and my local have both failed in this venture. If you need to see what congestion is likely to be like go to the Tesco's in Aldwick.

Please let the Ship Inn be returned to just that Jane Thomson
