Subject: Planning Application AW/237/19/PL

Dear Mr Davis,

I wish to formally object to the proposed application by One Stop Stores Ltd to operate a convenience store on the Ship Inn site. My primary reasons for objection to this new application are that the delivery proposals, which far exceed the scale of those approved by Arun when Morrisons were granted permission a few years ago, will cause traffic and safety problems in Aldwick Street. You will be aware of previous concerns raised about the lack of pedestrian footway alongside the site, and the proposed frequent large HGV and other delivery vehicles parking / unloading and turning movements would cause unsafe interaction with pedestrians, drivers and passengers using the proposed store and also those using the existing businesses located opposite the Ship Inn. The two previous attempts by Morrisons and My Local were a miserable commercial failure. This proposal by One Stop will be even less acceptable to the local community, and we would boycott this store as we did the previous conversions by Morrisons and My Local.

Yours sincerely

R. Salmon
