Subject: The Ship Inn

I have been made aware of the current position with regard to the future of the Ship Inn in Aldwick Street. I strongly object to One Stop or any other grocery outlet taking over this site. Apart from the fact that it will be another White Elephant like Morrisons and My Local, the location is totally unsuitable. The street is very narrow, particularly at that point, with no pavement on that side and with delivery lorries arriving, there will surely be serious accidents. The disruption to the flow of traffic up and down Aldwick Street will also be affected; you only have to look at the delivery lorries for Tesco in the Aldwick Road! The frequency and times of the delivery lorries are just not acceptable. Please re-think this whole situation.
