Subject: AW/237/19/PL Former Ship Inn

My husband and I have lived in Aldwick for nearly 40 years. We live within easy walking distance of the former Ship Inn. We often walk past it on our walks around the area and have witnessed a considerable increase in traffic in Aldwick Street.

With ADC having granted unnecessary planning permission for nearly a thousand houses to be built adjacent to Hook Lane and Sefton Road, traffic will further increase creating additional problems.

We strongly object to the above application. Deliveries to the site would be detrimental to all of us as residents in so many respects. The road is narrow and quite busy already, with parking on one side, and to get large lorries and vans delivering to a proposed store an estimated 35 times per week would cause untold nuisance and even health hazards. In no way is this location suitable for 35 tonnes arctic lorries and other delivery vehicles reversing into the site, let alone the aggravation caused to motorists having to stop while such a vehicle maneuvers into the parking area. This is an unnecessary hazard to motorists and will inevitably result in an accident.

Furthermore, we are fortunate in Aldwick to have plenty of good shops in several parts of the area, which we wholeheartedly support. We certainly do not need or want another one, and we think if one was to open, it would suffer the same fate as the other two stores who occupied the building. There just isn't the need, or indeed a wish from us locals, to have yet another shop opening.

We sincerely hope you will listen to the people who live here. We strongly object to the above application.

Regards
Brian and Barbro Everard
