Good day Mr Davis.

I wish to add my name to those objecting to the above mentioned application for a convenience store on this site.

Not only would the vastly increased amount of deliveries by heavy vehicles/vans applied for, be dangerous for other road users and local pedestrians but a convenience store is NOT wanted by local residents and will not be supported.

Two previous stores have failed and the safety of local residents using this busy and rather narrow street must be taken into consideration, as delivery vehicles will have little or no room to offload in the very small car park, thus dangerously blocking the roadway for other road users.

Many local residents are actively seeking to have a community owned pub/restaurant reinstated on the site and I would ask you to seriously consider refusing this application.

Yours sincerely,
Colin Martin.
