Importance: High

Dear Mr Davis,

I am writing to you to make my objection known regarding the above planning application.

I live very near to this site and know how narrow this particular road is. The thought of having articulated lorries, 3.5 tonne lorries and numerous of other delivery vehicles turning up at all hours and blocking the road fills me with fear. There is no footpath on the northern side of the road so parked lorries will make it extremely dangerous for pedestrians to be able to cross the road safely. Also very hazardous for cyclists and other general road users, plus a nuisance to those residents who live adjacent to the site.

The convenience store is really not wanted or needed and definitely will **NOT** be supported by the local community. There are other stores within a short distance of this one which is probably why the two previous stores that opened on this site both failed and closed not long after opening. This just goes to show that another one is not needed.

Kind regards

Colin Chart
