Subject: AW/237/19/PL Former Ship Inn,,

Dear Mr Davis

I wish to register my very serious concern and my objection to the possible use of the former Ship Inn as a convenience store . My reasons are quite simply that the road that services this site

is not fit for the purpose of servicing a store of this type due to the restricted traffic lane width and the ensuing disruption that this will cause not only to traffic but also pedestrian safety when deliveries are made to the planned schedule . The road

is already an accident waiting to happen due to the parking directing opposite the main entrance to the site. Health and safety must make this an absolute no no for this type of use .

Others have tried and failed to make such a store successful. What we need is a Pub / Restaurant .

Please do not let this Planning Application succeed.

Regards

Roger Selway
