Dear sir,

I have strong objections to the above proposed use by yet another food shop it really is not needed there. This little lane, one of the main routes into Bognor from Rose Green is quite a busy road and has nasty bends in it. Having large vehicles delivering to said store would not only be very dangerous as it's near a blind bend it would cause untold hold ups, as we have found out along Aldwick Road Tesco store and that road is a lot wider than Fish Lane.

Your sincerely,
Shirley Sadler.
