Subject: Ship inn aldwick

Good afternoon Simon,

I would like to object to the ship becoming a one stop. We do not need another retail store. The car park will not support large lorries and the residents have not supported a retail environment in the past. We don't all want to eat chocolate and drink booze! We need a community hub/pub and if it has to sell food local products would be more in keeping with the area. Many thanks Debbie.
