Subject: Planning application No.AW/237/19/PL

Dear Sir

We are writing to object, in the strongest possible terms, to the above planning application.

We are residents of the Aldwick Grange estate and will therefore be affected by the proposed shopping outlet which will inevitably lead to significant increase in traffic congestion on what is a very narrow road .

Since the closure of the Ship Inn there have been several unsuccessful attempts to convert the former Pub into convenience stores so clearly there is no demand and certainly no need for such an establishment as we are already well served in this regard..

There is however most definitely a need and a demand for a Pub/Restaurant which would be regarded as a valuable community asset.

We would therefore urge you to reject this application.

Yours sincerely

Doug and Bren Holden
