Subject: Former Ship Inn Application

Application AW/237/19/PL Former Ship Inn, Aldwick

How nice it would be if the Council actually took on board the wishes of local residents. I would therefore like to lodge my strong objection to the above application which would increase deliveries to the former Ship Inn site. This would mean that a fairly narrow quiet street would be blocked up with delivery lorries several times during the day. There is usually a good number of cars parked opposite using the shops on the other side of the road one of which is a convenience store and this would impede the chance of any elderly or infirm customers being able to park there to use these existing shops if extra lorries and smaller vans also need to deliver on the Ship Inn site. The car park there will be inadequate to cover extra deliveries. There have been two previous failed attempts to have a convenience shop on the site, not surprisingly the residents more or less boycotted them as we don't need another store there. There are ample stores in Rose Green, Barrack Lane and Tesco in Aldwick Road and we need to keep our "village" atmosphere in Aldwick which will be sorely damaged with increased lorry deliveries.
