Dear Mr Davis,

I am writing to object to the application of One Stop shop at the The Ship in Aldwick Street. As a local resident I know that if approved this will cause a major disruption and misery to the lives of local residents with more volume of traffic from delivery vehicles for the store. I for one will not be using this store as I think we have sufficient amount of local shops in the area, and also it has been proven already by failure of two other retailers who fail to make a success of the site.

Speaking to other local residents in the area who have voiced their dismay at more noise and pollution in our local streets from large vehicles. I hope you will consider this when making your decision.

Yours sincerely,

Mrs Tulay Cousens.
