Subject: AW/237/19/PL - former Ship Inn, Aldwick

Dr Sir,
????? As a resident of Aldwick I wish to object to the above application based on personal experience of the traffic chaos caused when deliveries were being made to the two previous, now failed, convenience stores.

??????? The highway at this point is quite narrow and became completely blocked when large articulated delivery vehicles were manoeuvring?? in an effort to park prior to unloading at the stores, causing tailbacks of traffic to the roundabout at Barrack Lane to the west and Chawkmare Coppice in the east. The current request for 35 delivery slots per week is an increase of approximately 67% on that previously granted to Morrisons so can only add to our previous bad experiences.

????? Additionally there will obviously be an increase in air pollution at this point due to fumes from the stationary traffic and those emitted by the delivery vehicles whilst manoeuvring, to the detriment of the health of local residents, shopkeepers and their clients, a fact of which we must be very mindful these days..

Yours faithfully,
Ken Perry
