Subject: Planning Application No.AW/237/19/PL

Dear Mr Davis,

I write to add my objection to the above application.

The number of delivery vehicles required to supply and service a store will cause congestion and possible injuries in the area.

My house backs onto Fish Lane, (150 metres to the east of the site), and I am very conscious of the increase in traffic along the road in the 10 years I've lived here. With the number of homes planned to be built to the west of the property the traffic is bound to increase. The owners of these homes will be adequately served by the existing stores in that area and will likely only use the road as a throughway.

Save our village and refuse the application.

Yours faithfully,

Paul Woodward
