

Round Top Trees

7 Alleyne Way | Elmer Sands | West Sussex | PO22 6JZ

48 Fish Ln, Bognor Regis PO21 3AH

- To undertake a 3.5 - 4-meter canopy reduction
- All cuts to be cut to suitable growth points in accordance to British standards 3998
- To remove epicormic growth from stem

The tree has fire damage and is riddled with vast amounts of dead wood and the tree is poor vigour and to try and improve this we recommend a canopy reduction

The aim of the crown reduction is to also introduce new growth
