Hi Nicola,

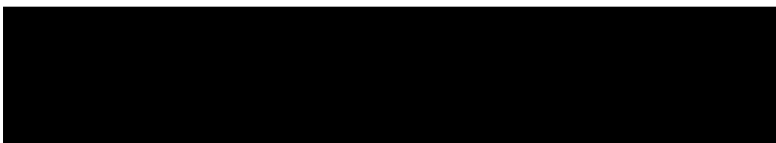

The species of the trees is a Maple Tree

The height will be no less than 10 meters

The spread will be no less than 8 meters

I hope this meets with your approval

Kind regards

Good Morning

With reference to your email below, I have looked at the Tree Survey (copy attached) and it does not appear to include the tree species, or the proposed height and spread measurements after the reduction. It only appears to include the measurements to be removed.

Please provide the required information by 9th August.

Kind Regards

Nicky Moore

Hi,

On this application, we uploaded a tree survey which included the details you are requesting?

Please advise and we look forward to hearing from you

Kind regards
