Dear Hebe,

Please find attached specifications and positioning.

Let me know if anything further is needed.

Best regards

Adrian

Subject: Application AW/241/25/DOC - 36 Carlton Avenue

Good morning,

For the energy efficiency and renewables part of this discharge of conditions application, the Energy Performance and Renewables Statement states that there will be some solar panels on each of the dwellings. Please could you provide some more details about the type of solar panels and their proposed location? Ideally, we would have some sort of product specification, and the panels would be added to the Site Layout and Block Plan and/or the elevations you have already submitted with the application. If you could aim to provide these by Monday 24 November, that would be much appreciated.

Kind regards,

Hebe Smith (she/her)
